

NBML02 CIRCULAR HOLLOW DECKING ( MAHOGANY)

A photograph showing a wooden deck made of circular hollow decking (mahogany) installed between a dark wall and a brick building. The deck is made of reddish-brown planks. The wall on the left is dark and textured. The building on the right is made of light-colored bricks and has a window with a white frame. A white electrical box is mounted on the brick wall. The sky is visible in the background.

Crocodylus park Darwin

A photograph of a wooden deck with a green metal railing. The deck is made of reddish-brown wooden planks. The railing has a green metal handrail and vertical balusters. The scene is outdoors, with shadows of trees and foliage cast onto the deck. In the background, there are green plants and a paved area.

**Crocodylus park Darwin**

A photograph of a wooden boardwalk at Crocodylus park Darwin. The boardwalk is made of reddish-brown wooden planks and is bordered by a green metal railing with vertical bars. The railing runs along the edge of the path, which leads towards a fenced area with trees and foliage in the background. Sunlight filters through the trees, casting long, dark shadows across the wooden surface. A small white sign is visible on the railing in the distance.
